I realize we might be picking a fight by proposing what we have on the routing sheet under this, but if we can get it through, it will help keep the communications support requirements focused here where we want and need them.

Better let Harry see what we're proposing to say before this goes on its way back to Regs Control Division.

Thanks for ensuring that we got a whack at it.

OC has no difficulty with the proposed statements of OSO and FBIS functions. However, as a condition of coordination, we ask that the present subparagraph 11.a(9) be renumbered 11.a(10) and this be inserted as 11.a(9): "Ensuring that all communications services required to execute the Directorate's mission are provided by or arranged in coordination with the Office of Communications, DDA."

This change reflects our ongoing effort to have all Deputy Directors identify their total communications needs to OC. Only when that is done can the network be configured and sized to satisfy all the requirements of CIA and the Intelligence Community.

For clarity, we would also suggest that subparagraph

1. Director of Communications
2B07

WAD

This proposed revision of 25X1
 was initiated by the Directorate of Science and Technology (DDS&T) 25X1
 to update the mission, functions, and organization of that
 directorate. In addition, the DDS&T organization charts,
 Figures 9 through 15, have been renumbered and updated.

The Executive Officer, DDA has requested that this proposal
 be forwarded for your coordination. In particular,
 would like your review 25X1
 of the statements on the SCS function of the Office of SIGINT
 Operations and the Foreign Broadcast Information Service.

Please respond by 24 August 1983.
